

## GOALS

1. Discuss recent data
2. Identify current hot topics
3. Develop possible joint projects

## ATTENDEES

Nicola Ballhausen (Geneva, CH)	Christopher Hertzog (GATech, USA)
Sarah Bauermeister (Oxford, UK)	Emilie Joly (Geneva, CH)
Marina Boccardi (Geneva, CH)	Matthias Kliegel (Geneva, CH)
Christian Chicherio (Geneva, CH)	Beatrice Kuhlmann (Mannheim, GER)
Judi Ellis (Reading, UK)	Rui Mata (Basel, CH)
Alexandra Ernst (Grenoble, FR)	Roos van der Linden (Geneva, CH)
Delphine Fagot (Geneva, CH)	Christopher Moulin (Grenoble, FR)
Elisa Gallerne (Geneva, CH)	Morgane Schlemmer (Geneva, CH)
Julia Groß (Düsseldorf, GER)	Katharina Schnitzspahn (Aberdeen, UK)
Maximilian Haas (Geneva, CH)	Fanny Vallet (Geneva, CH)
Dorothea Hämmerer (London, UK)	Sascha Zuber (Geneva, CH)
Alexandra Hering (Geneva, CH)	

## MONDAY, 28.08.2017

### Afternoon (Arrival from 14:00)

15:00 – 15:30  
Bienvenue

15:30 – 16:30

**Rui Mata:** Understanding age differences in semantic memory using word association experiments with small and massive online samples

Coffee break

17:00 – 18:30 *Keynote*

**Dorothea Hämmerer:** Using pupillometry and structural imaging to probe the ageing noradrenergic system

### Evening

18:30 – 20:00  
Dinner at Emmaüs

20:30  
Reception

## TUESDAY, Poster coffee 15:30-18:00

### Nicola Ballhausen

Do younger and older adults differ in their prospective memory monitoring behavior? A comparison of focal and nonfocal tasks using eye tracking methods

### Christian Chicherio

Physical activity and prospective memory during aging

### Elisa Gallerne & Emilie Joly

tba

### Delphine Fagot

The impact of physical activity and sex differences in inhibitory performances in elderly

### Maximilian Haas

The impact of physical activity and age differences on cognitive flexibility

### Alexandra Hering

Prospective memory and task switching: The role of strategic monitoring in young and old adults

### Morgane Schlemmer

Motivation for Cognitive Activities Questionnaire (MCAQ)

## TUESDAY, 29.08.2017

08:00 – 09:00 Breakfast

### Morning (start at 09:00)

09:00 – 11:00

**Judi Ellis:** Younger-Old vs Older-Old adults' PM performance on the VW task as a function of Encoding and Time vs Event-based PM task

**Matthias Kliegel:** Age-related prospective memory and metacognition

Coffee break

11:30 – 12:30

**Julia Groß:** Age differences in hindsight bias: Inconsistent findings, methodological challenges

Lunch

### Afternoon

14:00 – 15:30 *Keynote*

**Christopher Hertzog:** Designing interventions that enhance older adults' cognition in everyday life: A metacognitive perspective

15:30 – 18:00

**Poster coffee:** Poster session with coffee and cake

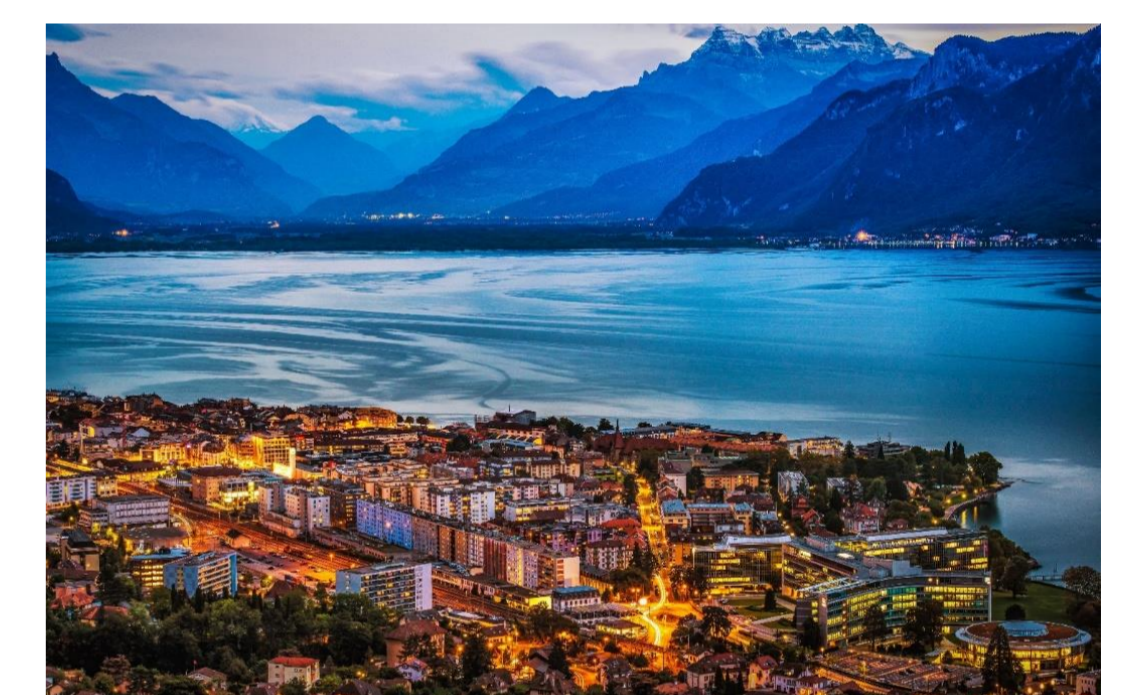

### Evening

18:00 – 19:30

Dinner at Emmaüs

19:40

Departure to Vevey to have a drink at the kju Bar

## WEDNESDAY, 30.08.2017

08:00 – 09:00 Breakfast

### Morning (start at 09:00)

09:00 – 11:00

**Marina Boccardi:** Neuropsychology for clinical diagnosis and progression monitoring in mild cognitive impairment

**Sarah Bauermeister:** Using advanced psychometric methodologies to analyze UK Biobank cognitive and mental health data

Coffee break

11:30 – 12:30

**Beatrice Kuhlmann:** Ready, Set, Test! Exploring Older Adults' Adaptation to the Expected Memory-Test Format

Lunch

### Farewell approx. 14:00
