

## GOALS

1. Discuss recent data
2. Identify current hot topics
3. Develop possible joint projects

## ATTENDEES

### Keynotes:

Paul Verhaeghen (GATech, USA)	Matthias Kliegel (Geneva, CH)
Philip Zelazo (Minnesota, USA)	Olga Klimecki (Geneva, CH)
Jutta Kray (Saarbrücken, GER)	Giulia Krethlow (Geneva, CH)
Tanja Atanasova (Geneva, CH)	Beatrice Kuhlmann (Mannheim, GER)
Nicola Ballhausen (Geneva, CH)	Vanessa Loaiza (Essex, UK)
Marina Boccardi (Geneva, CH)	Tabea Meier (Zurich, CH)
Stephanie Cauvin (Geneva, CH)	Nathalie Mella (Geneva, CH)
Nicola Ferdinand (Saarbrücken, GER)	David Predovan (New York, USA)
Elisa Gallerne (Geneva, CH)	Ulrike Rimmele (Geneva, CH)
Emmanuelle Grob (Geneva, CH)	Katharina Schnitzspahn (Aberdeen, UK)
Maximilian Haas (Geneva, CH)	Albulena Shaqiri (Lausanne, CH)
Alexandra Hering (Geneva, CH)	Doriana Tinello (Geneva, CH)
Andrea Horn (Zurich, CH)	Roos Van der Linden (Geneva, CH)
Sebastian Horn (Zurich, CH)	Evie Vergauwe (Geneva, CH)
Andreas Ihle (Geneva, CH)	Sascha Zuber (Geneva, CH)

## MONDAY, 27.08.2018

from 13:00 Arrival

14:00 – 14:15 Bienvenue

14:15 – 15:45 **Philip Zelazo**  
Reflection vs. Reaction: A Lifespan Perspective

15:45 – 16:45 **Poster Coffee I**

16:45 – 17:45 **Evie Vergauwe**  
Attention-based maintenance in children's working memory

17:45 – 18:45 **Tanja Atanasova**  
Dynamics of single word production from childhood to adolescence and adulthood

18:45 – 20:00 *Dinner*

20:30 Reception

## POSTERS

### Poster Session I (Monday)

**Marina Boccardi**  
*Roadmap to harmonize cognitive assessment for dementia in Europe*

**Emmanuelle Grob**  
*The role of motivation in Prospective Memory performance*

**Nathalie Mella**  
*About different forms of intra-individual variability in aging*

**Ulrike Rimmele**  
*Influence of emotion on episodic memory from childhood to adulthood*

**Albulena Shaqiri**  
*Visual perception and healthy aging: a longitudinal study*

### Poster Session II (Tuesday)

**Sebastian Horn**  
*How Preferential and Perceptual Decisions Diverge with Age*

**Andreas Ihle**  
*Cognitive Reserve Accumulated in Midlife Attenuates the Relation of Chronic Diseases to Cognitive Decline in Old Age*

**Giulia Krethlow**  
*Influence of semantic association networks on the speed of word production across the Lifespan*

**Beatrice Kuhlmann**  
*Aging and Interference in Item Versus Associative Memory: Better Interference-Resistance of Associative Memory, Even in Older Adults*

**Sascha Zuber**  
*The effect of an executive function training on children's prospective memory*

## TUESDAY, 28.08.2018

08:00 – 09:00 *Breakfast*

09:00 – 10:00 **Nicola Ferdinand**  
Social-emotional influences on learning and feedback processing in old age

10:00 – 11:00 **Stéphanie Cauvin**  
Metacognition in Prospective Memory: How good are we in predicting our future intentions?

*Coffee break*

11:30 – 12:30 **Vanessa Loaiza**  
Once more, with meaning: Correcting age differences in associative memory

12:30 – 14:00 *Lunch*

14:00 – 15:30 **Paul Verhaeghen**  
Working memory may just keep on working in old age

15:30 – 16:30 **Poster Coffee II**

16:30 – 17:30 **David Predovan**  
Effect of physical exercise on cognition in healthy adults: results of a randomized clinical trial

17:30 – 18:30 **Olga Klimecki**  
The Medit-Ageing study - trial design and first results

18:30 – 20:00 *Dinner*

20:30 Social Evening

## WEDNESDAY, 29.08.2018

08:00 – 09:00 *Breakfast*

09:00 – 10:30 **Jutta Kray**  
Lifespan Changes in Executive Control: The Impact of Cognitive Training and Motivation

*Coffee break*

11:00 – 12:00 **Andrea Horn**  
It takes two to tango - interpersonal emotion regulation through the life-span

12:00 *Lunch*

**Farewell approx. 13:30**
